ABOUT ME

Motivated and detail-oriented junior developer with a solid foundation in web and software development. Proficient in HTML, CSS, Java, PHP, and MySQL, with a keen interest in creating efficient and user-friendly applications. Looking to contribute to dynamic projects and grow professionally in a collaborative environment

PROJECTS

E-commerce

Development a E-commerce website for Pet Shop streamlines booking and purchasing of pet services and products, enhancing convenience and efficiency for pet owners

To-Do-List

I developed a to-do list to mark the activities I want to achieve Every Day. Once an activity is accomplished, I can clear it off the list.

Notes Maker

Created a notes maker to jot down important information. This allows me to keep track of key points and review them whenever needed.

Personal Portfolio

Developed a personal portfolio to showcase my skills, achievements, and projects. This portfolio highlights my professional growth and allows others to view my accomplishments

EDUCATION

Bachelor Degree in Computer Science

D.R.B.C.C.C.Hindu College

2021 - 2024
